

GeogStu Virtual Machine

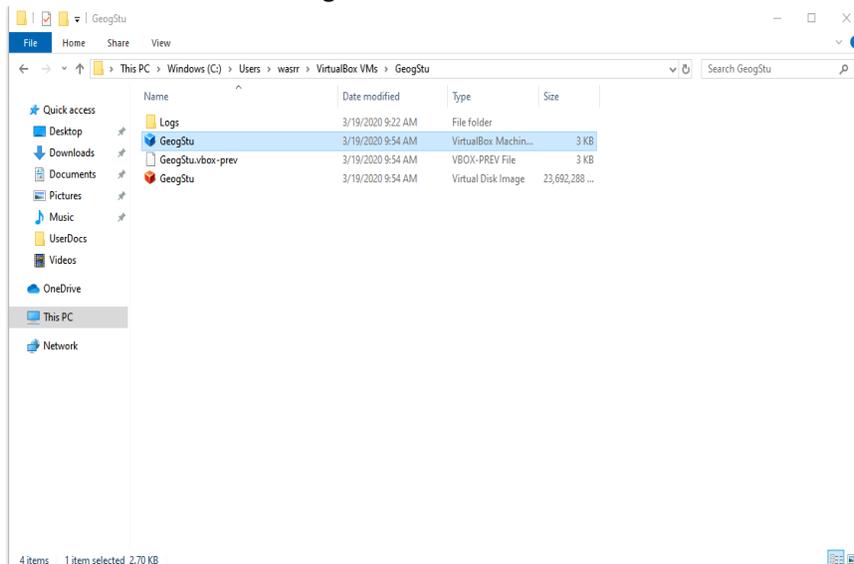

Go to <https://www.virtualbox.org> and download and install the latest version of VirtualBox.

Go to <https://support.cise.jmu.edu/installs/JMU/GeogStu/> and download [GeogStu.zip](#) and

Extract the file to its own folder. After installing [Oracle's VirtualBox](#), double-click GeogStu.vbox:

You can now Start the GeogStu Virtual Machine from VirtualBox:

Click **Start** Select the Student account and it will automatically login. The VM will go through a one-time small setup and will reboot after.
