IBM i2 Analyst Notebook requires the Microsoft .Net Framework 3.5. If the .Net Framework is not installed, or if you do not know if it is installed, please follow these [instructions from Microsoft](#).

During the install, we recommend choosing **Custom** install options and **remove the Opal Connector**.

You may add Esri Maps and Analyst Schema Designer if you like.

Once the install completes, you will find  IBM i2 Analyst's Notebook added to the Start menu.

If you have any difficulty downloading or installing Analyst Notebook, please contact [cise-it@jmu.edu](mailto:cise-it@jmu.edu).
